

TSCA Declaration of Conformity

Declaration on the U.S. Toxic Substances Control Act (TSCA) Section 6.

The Frank R. Lautenberg Chemical Safety for the 21st Century Act, enacted on June 22, 2016, includes a provision that requires the U.S. EPA to take accelerated action on certain persistent, bioaccumulative, and toxic (PBT) chemicals to reduce associated risks and exposure to the maximum extent practicable. On January 6, 2021, EPA, which is considered the equivalent of the European Chemicals Agency (ECHA), issued final regulations to reduce exposure to the PBT chemicals listed below. The regulations became legally effective as early as March 2021.

The current version of TSCA from January 2025 ("TSCA Inventory") contains 86,847 chemicals (42,495 of which are listed as active).

The list is available at <https://www.epa.gov/tsca-inventory/how-access-tsca-inventory>.

ehb electronics gmbh is committed to environmental and health safety. In this context, we strictly observe the control and restriction of chemicals prescribed by laws and authorities. Our products may contain the following chemicals in the corresponding concentrations:

25068-38-6	Bisphenol A epichlorohydrin resin	<0,012%
115-86-6	Triphenylphosphat	<0,005%
123-86-4	n-Butylacetate	<0,002%
68512-91-4	Hydrocarbons, C3-4-rich, petroleum distillate Gases from petroleum processing (1,3-butadiene <0.1%)	<0,002%
107-98-2	1-Methoxy-2-propanol; Propylenglykolmonomethylether	<0,002%
141-78-6	Ethylacetat	<0,002%

This declaration is made responsibly for the following manufacturer:

ehb electronics gmbh
Hans-Böckler-Str. 20
30851 Langenhagen
